POOL AGAIN.

We copy from the Carolina Era of the 11th inst., certain letters that have passed heretofore between Judge Merrimon and Mr. Pool. The last communication sent by Mr. Pool, we withhold for the present. That letter was written by Mr. Pool for publication, and although addressed to Judge Merrimon, it bears on its face every appearance of being prepared for a Campaign Document. It was intended for campaign purposes, rather than for Judge Merrimon; and so eager was the author for its speedy dissemination that he furnished a copy of it to his organ for publication, almost simultaneously with the delivery of the original to a party here for transmission to Judge Merrimon.

We do not propose at this juncture in our political contest to publish letters carefully prepared to effect Radical purposes.

Hereafter if desirable we will publish such productions for the information of the curious—but at present our columns are devoted to other uses. So far as the letter relates to the subject of the correspondence then in progress, it will suffice for us to make this extract:

"WHILE I HAVE KNOWN YOU TOO WELL TO BELIEVE YOU CAPABLE OF ANY CRIME, I HAVE BEEN TOO LONG A LAWYER, NOT TO KNOW HOW UNCONSCIOUSLY WE OFTEN DECEIVE OURSELVES AS TO THE TRUE CHARACTER OF OUR CLIENTS, AND BECOME PREJUDICED IN THEIR DEFENSE."

The villainous document entitled "Read and Circulate," sent out under Pool's frank, confessedly with his knowledge and consent, imputed to Judge Merrimon the commission of crime.

Pool now himself says: "I HAVE KNOWN YOU TOO WELL TO BELIEVE YOU CAPABLE OF ANY CRIME."

In conclusion he remarks: "In the meantime, I shall continue to frank such public documents and publications as my party friends believe should be circulated for the information of my constituents."

Their truth or falsity is nothing to John Pool! He prostitutes his Congressional frank to the base purpose of disseminating false charges as readily as he would use it for a legitimate object!

He intimates that he will still send out to the world, at public expense, the infamous publication "Read and Circulate," in which an estimable and pure man is falsely charged with crime—and yet he declares his belief that the person thus vilely assailed through his instrumentality, is incapable of crime!

Out of his own mouth he convicts himself of distributing libels—and publications containing false charges. After this we might afford to let Senator Pool seek his lever—and pass by the remainder of his "Campaign Document," as if it had emanated from the witness Lashly, of "the bill" notoriety.

But we choose to give him the benefit of another extract from his campaign letter of July 8th, 1872.

He writes "With the public mind so full of the frauds perpetrated upon the State I deemed it due to propriety and but respectful to popular sentiment, that no one should be nominated on the State ticket in anywise, however remotely or unjustly, implicated with the guilty parties. By refusing to nominate such on our State ticket, my party respect public sentiment."

The individual who recommended to Gov. Holden to employ a Pirate as commander of the State Troops because in case of difficulty he would kill or lose his conservative prisoners, so that they would never be heard of again—and he who permitted the statement to be made on the floor of the United States Senate by his personal and party friends, that he had taken the oath to support the constitution of the Confederate States only to destroy that constitution and he who acknowledges that he has distributed an anonymous circular—and intimates that he intends to persist in its distribution, it containing an accusation of crime against a distinguished gentleman, although that gentleman is confessedly "incapable of any crime,"—we say such an individual though he may have been the peer of Abbott and Dewsene in the United States Congress—does not appear before the public with such surroundings, as prevent us from questioning the accuracy of his assertions.

It is very true as Mr. Pool seems to concede in his admirable Radical campaign paper addressed for effect to Judge Merrimon and published in the Era, that the chief issue in this contest is Honest Conservatism vs. Radical Swindling.

But it is certainly none to us that "My party refused to nominate on the State ticket candidates in anywise—even unjustly implicated with the guilty parties"—those who perpetrated the outrages.

Burns and Brogden are Radical candidates on the State Ticket, and Mr. Lassiter speaks (as our readers may remember, for we have published his testimony in full) "that Brogden, Burns and Littlefield and others, made speeches at Littlefield's supper at the National Hotel, on the subject of abolishing the Phillips Commission; that the next day Mr. Lindsay charged in the Senate that Gold or something had been used to procure votes enough to carry the repeal," while the Record shows that

Burns and Brogden voted for the repeal.

Also Mr. Humphreys swears that Brogden afterwards offered him \$15,000 in N. C. Bonds to go his security.

This looks like some connection between Burns and Brogden and Littlefield, Mr. Pool's statement to the contrary, notwithstanding. Burns, we also believe, was on the Penitentiary Committee and co-operated with Littlefield in that swindle.

As for Gov. Caldwell, he was certainly the friend and associate of the Radical leaders Holden, Swepson and Littlefield.

He drew the only bill that was ever presented to the Legislature of 1868-9, in the interest of Swepson—we mean the bill making an appropriation of \$6,680-000 to the W. N. C. R. R. Co.

He was President of the Senate, and used his influence as such to have that bill—prepared by himself—and now on file in his hand writing—passed by the Radical Legislature.

He attended the Railroad meeting at Morganton in the interest of Swepson and Littlefield, and when Vance and Judge Merrimon, to defeat this scheme, resorted to a ruse, and temporarily broke up the meeting, Caldwell put his arm around Swepson and exclaimed, "Swepson, I'm afraid they have got us."

So much for Mr. Pool's assertion that these men were not connected with Swepson and Littlefield.

LET THE PEOPLE CONSIDER. The last legislature reduced the salaries of officers at the capital over \$12,000 per annum. The business is done just as before under Holden—there are officers a plenty at that and they get pay enough.

Then why was that \$13,000 per year paid out under Radical rule? What was it for? What was the necessity for it? Who got it?

There was no necessity for it. It was virtually given away for nothing and to radicals. The truth is, it was worse than thrown away—it went to demoralize and corrupt men in office.

The people paid that money. The people worked for that money. It was taken from them for nothing.

Let them remember this fact when they go to the polls in August.

LET THE PEOPLE NERVE THEMSELVES.

The people ought to note the effort of the Radicals of this State and the office holders at Washington to carry this State by force, fraud and money. It is said from Washington and not denied, that it needs be, a million of dollars will be sent to this State to carry the election on the first of next month, and that \$100,000 have been sent already for that purpose.

The Radical office holders are flocking into the State from Washington and elsewhere in the Union to defeat the people and secure the ascendancy of Radicalism here for another four years.

The people ought therefore, to nerve themselves for the grand contest. Let every man be up and doing. Let all that can do so, speak on all occasions, day and night. Let those who can't make public speeches, go and see their neighbors and friends and talk to them privately and urge them to do likewise.

Let the people in this hour of trial stand by virtue and integrity and spurn the monsters of crime, who come among them to purchase their votes with money already stolen from the people. The very money that is thus used and to be used in buying the votes of the people and devising ways and means to fasten further tyranny and misuse upon them, was levied from them through fraud and oppression, growing out of the hateful and infamous Internal Revenue system. Let the people remember this and nerve themselves for the contest. If they will, radicalism will be overthrown in August and November next, and routed to death and forever. Will the people do this? They can—we trust they will.

LET THE PEOPLE CONSIDER.

Holden paid out for clerk hire \$5,500. There was no necessity for this. The past Legislature stopped this extravagance and the executive office goes on!

Why that expenditure of money? None whatever. The money had better been burnt up—it went to demoralize and corrupt young men.

Who did it? Holden and the Radical Legislature, sustained by Governor Caldwell, Brogden, Hargrove and Burns. The Radicals did it!

Let the people think of this at the election.

GREAT MASS MEETING IN RALEIGH.

We are requested to state that there will be a grand mass meeting in Raleigh, on Tuesday, July 16th, of Conservatives, Democrats and Liberal Republicans, which will be addressed by distinguished speakers from all parts of the country.

Hon. Carl Schurz, Senator Trumbull, Gen. Francis P. Blair, Gov. Walker, of Virginia, and other eminent orators have been invited, and are expected to be present.

It is desired to make this affair one of the most imposing demonstrations that has ever been held in North Carolina.

WE CALL THE ATTENTION OF THE DEMOCRATIC PRESS OF THE STATE TO THE NOTICE IN OUR PAPER OVER THE STATE TICKET, AT THE HEAD OF OUR EDITORIAL COLUMNS.

HOW NORTH CAROLINA IS TO BE BOUGHT UP.

MARSHAL CARROW DRAWS \$105,000 FROM THE TREASURY.

The People to be Bribed With Their Own Money!

STARTLING DISCLOSURES.

We publish below the comments of the Washington Patriot on the letter of Mr. Beck, of Kentucky, to Gen. Clingman, from which it will be seen that Samuel T. Carrow has drawn one hundred and five thousand dollars in the last ninety days from the United States Treasury. Now, what is all this money for? Read Mr. Beck's letter, and then say for yourselves. Is the fund to be used in carrying the State for Caldwell?

Let Carrow be held to a strict accountability for the vast sum. He has drawn \$225,000 in the last twelve months! Are the people to be bought up with their own money?

(From the Washington Patriot.)

PLUNDERING THE TREASURY.—The startling revelations contained in the letter which we give below cannot fail to make a deep impression on the public mind, following as it does on the heels of other disclosures of corruption with which the country is painfully familiar. Mr. Beck made a personal examination at the Treasury of the accounts of the United States Marshal of North Carolina, and he gives the exact results of that scrutiny. It is found that this officer drew \$105,000 from the Treasury during the last sixty days, and \$40,000 of that sum within a few weeks. When this fact is taken in connection with the desperate efforts of the Administration to carry the North Carolina election by any means, however shameless, and the profuse expenditure of money here which is now notorious the explanation of these enormous drafts is at once furnished. Every Department of the Government is prostituted to partisan purposes, and the Treasury is audaciously plundered under false pretences, in order that the people may be deprived of a chance of reform by the use of their own money.

WASHINGTON, July 8, 1872.

Hon. T. L. Clingman:

DEAR SIR: As North Carolina will be the first State after the Baltimore Convention in which an election will be held, the Administration will use every means possible to carry it. Gangs of spies and informers will flood your State; negroes will be imported from other States; false registrations will be resorted to. In short, all the machinery which a corrupt and unscrupulous Administration can devise, will be put in motion to carry the State. Secretaries Boutwell and Delano will leave their Departments, to add to the pressure by their speeches and other influences. Already large sums of money have been raised for corrupt purposes. I knew the so-called Department of Justice would contribute largely to the means of corruption. Therefore I went to the Treasury this morning, to see what was being done, and found that one S. T. Carrow, marshal of your State, had drawn within the last year \$225,000, of which \$65,000 has been drawn within the last sixty days, \$40,000 of it within the last few weeks. Of course this will be used corruptly.

The enormous draft on the Treasury for pretended judicial expenses—a quarter of a million of dollars in twelve months—is made still more flagrant from the fact that, until within a few years past, no former United States marshal ever drew more than \$5,000 to cover all the expenses incident to his office for a whole year. My experience on the Ku Klux committee enables me to understand how. But you are familiar with their modes of operation, therefore detail is unnecessary. This is only one instance. I write this to put you on your guard and to show you what enemies you have to contend with. I mention another fact I learned this morning, to show how hollow all their pretences of civil service reform are. A fellow by the name of W. A. Britton, marshal of the Western District of Arkansas, who became a defaulter to the amount of \$121,000. The government had proof ample to convict him, but failed to prosecute, and simply dismissed him from office. Roots was appointed in his place. For some reason he was dismissed lately and Britton was reappointed marshal, in spite of the facts, which the Departments had in their possession.

But I need not bore you further. I hope our friends will, by earnest and constant endeavors, neutralize the efforts of Grant and his minions. It seems to me impossible that any North Carolinian, who has not lost his self respect, can support an Administration which has sought to degrade and disgrace the State by upholding Holden, Kirk, Bergen, and the like, and through judges like Logan, backed by Whitley Akerman, blackening the character of all your people, to say nothing of the wholesale robbery under which you have suffered. I write this because I know you will when warned avert the blows aimed at the gallant old North State.

Yours truly, JAS. B. BECK.

LET THE PEOPLE CONSIDER.

Let the people remember that Holden and the Radical Legislature of 1868-9 established the "spy system," and paid out to spies over \$3,800.

What were these spies for? What did they do? Any good? None whatever.

The people paid that money. The people worked for it. It was worse than thrown away. It was paid out to injure, dishonor and humiliate the people. It was stolen from them by legalized force.

Who did it? The Radicals! Let the people remember this at the election.

THERE WILL BE A GRAND CONSERVATIVE MASS MEETING IN GOLDSBORO ON TUESDAY, JULY 30.

WHERE IS THE FAULT?

"There is evidently something wrong either in the postoffice at Raleigh or somewhere else on the route between this place and that city—some gross carelessness or intentional rascality practiced by some officer charged with the safe and prompt dispatch of the mails. The Raleigh papers come to us with great irregularity. In fact we never do get both the dailies together, and sometimes both fail. They are sent sometimes by Fayetteville and sometimes by Wilmington, but the same irregularity is observed by whatever route they come. Letters too, directed to points beyond Raleigh often meet with unreasonable delay somewhere. All this leads us to believe that the trouble is in the postoffice in that city, and we ask our brethren of the News and Sentinel, to call the attention of Mr. Rogers, the postmaster, to these irregularities, that they may be corrected."—Rohobocian.

We respectfully call the attention of the Postmaster here to the above complaint, trusting that he will exert himself to find where the error is and have it corrected.

LET THE PEOPLE CONSIDER.

Gov. Holden paid out to Radical lawyers to \$5,400! For what? Nothing! Yes, to enrich his Radical friends! That was the purpose—to enrich his Radical friends. To demoralize the people!—Who did this? Radicals, sustained by Gov. Caldwell, Brogden, Hargrove and Burns of the present Radical ticket!

Let the people consider this at the election.

Letters Between Merrimon and Pool.

RALEIGH, July 3, 1872.

HON. JOHN POOL—

Sir: A friend has placed in my hands an anonymous paper published for general circulation and entitled "read and circulate," of which I send you a copy.

I have been informed that it has been extensively circulated among the people of this State, and that it is sent to them through the mails under your Congressional frank.

This paper makes such reference to myself as that I have the right, and I deem it my duty under existing circumstances, to inquire if it has been so circulated with your knowledge and consent?

I will thank you for a prompt answer.

I am your obt. serv't.

A. S. MERRIMON.

RALEIGH, July 5, 1872.

HON. A. S. MERRIMON—

Sir: Your letter of July 3rd inst., has just been received from Mr. Dupree, in which you inquire if a circular that has been sent under my frank, was sent with my "knowledge and consent." Certainly you must know that no one could use my frank without my knowledge and consent, to the extent that the circular has been sent out. I understand the circular to be made up mainly of articles clipped from the papers in the State, and to be but a rehash of newspaper articles. I have not examined the circular critically, and my attention has not been called to anything in it which I consider as not legitimate in the present party contest. I would be pleased to know to what particular portion of the circular you refer.

Your obt. serv't.

JOHN POOL.

RALEIGH, July 5, 1872.

HON. JOHN POOL—

Sir: Your letter of this morning has been received, and I am astonished to hear that you had "not examined the circular critically," to which I have called your attention, before you allowed it to go to the people under your frank.

On the slightest examination any person of ordinary capacity will see that it is a scandalous and libelous, calculated and intended to produce upon the public mind the false and unfounded impression that I have been guilty of the most infamous crimes and conduct against and towards the people as a whole, and individuals as well.

This paper and its authors and those who sanction and circulate it, in terms, by suggestion, artful argument and insinuation charge against me, that I suggested, aided, abetted, counseled, advised and participated in the infamous frauds practiced and perpetrated upon the people of the State and the State within the last four years, that I have been guilty of extortion and oppression in the exercise of a public office, and am a person of general corrupt mind and purpose.

This is the manifest purpose of the paper in question. It is artfully prepared, and appears to have been first published in *The New Era*, an obscure weekly paper, edited by Frederick Douglas, at Washington City.

I have supposed it unnecessary for me to tell you that these imputations against myself are not only unfounded in fact, but grossly false. And it cannot be pretended that such a paper is in any sense legitimate in a political campaign among civilized people.

I am, &c., your obt. serv't.

A. S. MERRIMON.

RALEIGH, July 5th, 1872.

HON. A. S. MERRIMON—

Sir: Your letter in reply to mine of this morning has been received through the hands of Mr. Dupree.

I have carefully read the several articles in the circular to which you refer, and recognize all the references to yourself as being the same which had been before the people in the newspapers of the State for many weeks before the appearance of the circular. To what extent they had been met and refuted by your press and yourself I am not informed.

However untruthful or disingenuous they may really be, they do not compare in these respects to the total untruthfulness and vulgarity of the press which advocates your claims and so basely slanders all who oppose you. Your organ in this city seems utterly depraved and regardless alike of truth, honor and decency. I am sure you cannot fail to agree with me in this estimate. But your party leaders have not denounced that paper, nor even expressed disapprobation of its disgusting scurrility, so far as I have information. I believe they generally aid and encourage its circulation, and make it am doing the same. Furthermore, I have written editorial for that paper, at times when it was grossly slandering and maligning, some of your former friends, who at present differ from you politically. I am unwilling to believe that you wrote or sanctioned these vile articles. But yours appeared in the same papers, and often, side by side, with them, thus giving implied countenance and encouragement, when I think it was your duty to have disavowed and denounced. I would not do you injustice, and would be glad to know that I have been misinformed.

If a press so conducted holds any influence over the votes of the people you reap the advantage for yourself and your party.

It is met by the opposing press in the same spirit, I acknowledge no right of complaint on the part of those who countenance and circulate the other, because I, or others decline to refuse our aid in the circulation of the other. If the extracts from the Republican press are not "in any sense legitimate in a political campaign among civilized people," you will certainly agree with me that the articles which seem in your press are less so.

I regret and condemn as much as you do the extreme and often disgusting licentiousness into which many of the newspapers of the State have sunk. None have sunk so deep or have exercised so bad an influence on others, as

your organ in this city. If you will publicly denounce that in the terms which I know your heart would dictate, I will eagerly join you in efforts to reform any abuses which my influence might tend to correct, and will discourage the circulation of all papers and extracts from papers which violate that becoming propriety and elevation of tone that should characterize the press of a free and "civilized people."

The people of North Carolina will thank us for any improvement we may thus effect.

For, I am fully persuaded that they are mortified and disgusted at the unrelenting and inexcusable roughness and vulgarity of many of the leading newspapers of the State.

Your obt. serv't.

JOHN POOL.

RALEIGH, July 6th, 1872.

HON. JOHN POOL—

Sir: Your letter of yesterday has just been handed me by my friend, Dupree, and allow me to say in reply, that I am astonished at its spirit, character and reasoning. You seek to justify the groundless imputation of crime against me, on the ground that others have maligned and made scurrilous charges against yourself and fellow-partisans! I am not acquainted with any code of morals or right that tolerates, much less justifies, such a course of conduct.

The circulation of the scandalous paper in question is the less excusable in yourself on the ground that for the last dozen years, you have every reason to believe incapable of such crimes and conduct as it imputes. I do not believe that you believe the truth of such charges; it is manifest from your letter just received, you do not, and yet, you seek to have the misinformed—those who do not know me—believe them to be true! The world may measure and judge of your purpose and the propriety of your purpose and the propriety of your purpose and the propriety of your purpose.

To publish the truth about men and things is not a prostitution of the press—but to publish wilful falsehood—is this is deeply criminal, and grievous against the public as well as individuals, by whomsoever perpetrated, and I denounce it daily, as thousands can testify.

If the present were an appropriate occasion, I might join—not in a spirit of pique, hate and personal dislike—but in criticizing the disordered political tone of a portion of the press of this State, and denounce and deplore it, but at the same time I would trace this evil to a source not creditable or pleasing to a class of politicians who, in my judgment, have well nigh wrought the ruin of the State.

I have no newspaper organ in this city or elsewhere, nor am I in any way responsible for what editors choose to write or publish—they will answer for themselves.

I have not maligned or intentionally misrepresented you, even as a public man, on any occasion—nor have I circulated newspapers or documents of any kind against you—if I had done so I would cheerfully answer for it; but it is due to frankness to say, that I have disapproved, and do now disapprove of your course of action towards our State and people. I think you have, in your public capacity, done them great and irreparable wrong and injury, while you might have done them lasting benefit and reaped the rich reward of their grateful blessings; but that is apart from the matter before us now as individuals.

I care nothing for vulgar scurrility—that injures its puny authors more than me—indeed, it in the end tends to brighten virtue and an honest life, but the libelous paper of which I complain, impudently disavows crime and conduct, and manifests for the present purpose of misleading the public mind in reference to the approaching election, and this is crime against me, and not me alone, but the people as well. No man has a right to deceive and mislead the public mind. It is unpatriotic as well as criminal to do so. So I think and believe.

It is my duty to denounce this paper, and I shall at once do so in strong terms. It is my further duty to the greater satisfaction of the people to give you an opportunity to make the charges in the paper good, if you can, and hence, it is my purpose to bring your suit to the next term of the Court, and if need be, we can make such further settlement of our differences as may be satisfactory, at a future time. I certainly had the right to expect better things of you.

SPECIAL FEATURES AND AD-

VANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on Lives of Females.

3d. Policies incontestable after Five Years.

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to \$500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premiums are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

OH, THINK OF ME!
When on their golden cars the stars are keeping,
Watch over the slumbering sea,
And in deep forest-bowers night dews are weeping,
Oh, think of me!
When over May-flowers sunbeams glint and glitter,
Chasing the bird and bee,
And mid the apple-blossoms young nestlings twitter,
Oh, think of me!
When in thine ear love's dulcet tones are sounding,
Bidding all sorrow flee;
When with triumphant hopes their heart is bounding,
Oh, think of me!
Where'er thou art, in sunshine or in shower,
In misery or gloom,
Whate'er thy destiny, whate'er thy power,
Oh, think of me!
